

Dear CFA Candidate:

I sincerely wish you good luck on your upcoming exam in June. There is always some element of chance in exams but if you have prepared well the odds are in your favor. I should like to take this opportunity to remind you of the following action points:

- **Exam results:** Candidates must wait to receive their exam results before enrolling for the next exam because the results will determine whether a Candidate must repeat the current level or advance to the next level. **Exam results will be available online** for Level I Candidates by the end of July, for level II and III Candidates by the end of August.
- **Changing your personal profile:** You must **notify CFA Institute of any personal information changes**. Make updates online for address, e-mail (especially business, private and preferred), phone number, or name changes. Failure to do so may prevent or delay receipt of important information.
- **Changing your professional profile:** We recommend you to **update your professional profile**. This information will allow us to better tailor programs and services to meet your specific needs such as programming types, mock exams and prep provider information. Moreover, it could help to determine if your work experience meets the requirements for regular membership.
- **Membership:** When you sign up for membership with CFA Institute, you also get a chance to apply for membership in the Belgian CFA society. Not only do you receive the benefits of becoming part of the large global organization, you also are eligible to experience the rewards of participating in a smaller, regional group of your peers. **We advise candidates to apply for membership after passing the level II exam.** If you do not have the necessary work experience for regular membership, you will be recommended for affiliate membership. Consequently, as your work experience clock counts down you will become eligible to upgrade your membership to regular and earn your CFA Charter upon completion of the exams and the annual personal conduct statement. If you have any questions, please do not hesitate to contact us. In the case of level III Candidates this becomes urgent so click here now to apply on-line.

With kind regards,

Philippe Vandeurzen, CFA
Belgian CFA Society
Membership Chair
